

Susan Marl
Board Member at Large
Susan@theangelsintheoutfield.org

Originally from Southern California, Susan has lived the majority of her life in Oregon. She is married to her husband, Trace, and has 2 grown children. Susan graduated college with an Accounting/ Business Administration degree, but after several years, decided her love was Health & Wellness. With a need to help and nurture others, she returned to college and has been a Licensed Massage Therapist for the last 15 years. A few years ago, a couple of things happened simultaneously that affected Susan deeply. She was selected to sit on a grand jury for a month, and a friend also invited her to the Angels In The Outfield annual fundraising auction. The grand jury experience exposed her to some of the horrific things that some innocent children are forced to deal with it. Her experience with The Angels In The Outfield gave her hope and she felt a strong desire to help in some way. After a few years as an auction attendee, Susan was approached to help with the dessert dash for the auction and later invited to be on the Board. She is excited to be a part of Angels In The Outfield.
