

**Jenny Folk**

Board Member at Large

Jenny@theangelsintheoutfield.org

Jenny has a passion for helping and serving others. She is now proud to be among such caring people who share her values about helping making a difference in a child's life. She was blessed with a wonderful family and supportive parents who taught her the value of caring and serving.

Jenny graduated college with an Accounting/ Business Administration degree. After college, she worked for the Clackamas County DA's Office. While there, she was exposed to many situations involving children and the abuse they occurred. This prompted Jenny to find a way to help these kids. She knew Shannon, who started Angels and was very excited to join Angels and support this cause. Jenny believes that every child deserves happiness.

Jenny lives in Oregon City and married to her best friend Allen, they have Lexi (dog) who is their child.
